EDITORIAL.

We are told that the two essentials to be observed when writing an editorial are firstly to be witty, and secondly to be brief. Although we are certain that any wit which may happen to appear in this effort will be purely coincidental, we take great pleasure in announcing that we intend to give no-one any grounds for complaint in this case on grounds of length.

It is merely our solemn duty to point out to any who may not have noted the fact (as well as to those who have), that the school has reached the end of another successful school year. To many of the younger boys this will probably mean little more than that we are about to have a six-weeks holiday (and we wish all of them a most pleasant time in the spending of it), but to those of us who have been with the school since pre-war days—who have watched the school almost double itself in size—it will mean something more. It will mean that this young school of ours has passed another milestone on the road to becoming that great school which we one day sincerely hope—and expect—that it will be.

Meanwhile, we battle on against all kinds of adversity—even against the disaster of a two-day cut in our summer holidays. Such is the price we pay for knowledge!

We started the Summer term with a full staff following a period of some difficulty. Dr. Adamson's work in the Science department had become too much for one man and has been divided. The two Masters, whom we are glad to welcome at last, but who were unable to come in January, have now taken over. Mr. W. Holmes, M.Sc. (Vict.), is a chemist and comes to us from Wolstanton Grammar School; he will act as Chief Science Master. Mr. G. E. Sharp, B.Sc. (Dunelm), joins us from North Shields and is in charge of the Physics. To both we offer our best wishes for their happiness here.

Despite these transitional troubles the Science Sixth achieved two outstanding successes. E. J. R. Hewitt was awarded an Open Major Scholarship of £100 and R. D. Stuart an Open Minor Scholarship of £60, both in Natural Sciences, at Christ's College, Cambridge. These awards came aptly at the close of Dr. Adamson's years of devoted work; we hope they are but the prelude of more to come.

Commemoration this year (12th June), was notable for the Address of Mr. Lay, our first Headmaster, who left us seven years ago to go to Doncaster and who now moves on again to Oxford High School where he was a boy. It was good to see and to welcome him.

Other events have included another Piano Recital by Miss Margaret Maddison (proceeds to the Hospital: £13 8s. 7d.) and a recital of Elizabethan lyrics by Mr. Yeomans and Miss Kearsley. The Athletic Sports were favoured with a fine day and Mrs. Woolley presented the Cups. Mr. Cyril Salmons, F.R.C.O., of Rugby School, came to judge the House Music Competition. The P.T. Competition and the Swimming Sports have still to take place.

We regret that we are to lose Miss Gregory at the end of term.

The Old Boys' Association held a pleasant dance in the Hall on 3rd June. They plan to hold another on 22nd July.

We congratulate D. G. Bruce on his appointment to be Chief Accountant to the Borough Accountant at Tiverton.

PARENTS’ COMMITTEE.

The School owes much to the beneficent activities of the Parents' Committee. Their principal effort this term took the form of a Garden Party on the occasion of the Parents’ Match. By means of Stalls and Competitions they raised £41 12s. 0d. which has been added to the Amenities Fund. This Fund now totals £65 12s. 1d. The main Committee has branches or Sub-Committees at Wellingborough, Rushden, Higham Ferrers, Raunds, Irthlingborough, Irchester, all keen on the good of the School.

House Matches:

First Round. October 14th, 1943.—

Second Round. November 24th, 1943.—

SENIORS. Gryphons 3 : Dragons nil. Lions 14 : Stags nil.
JUNIORS. Dragons 12 : Gryphons nil. Stags 14 : Lions nil.

Third Round. February 3rd, 1944.—

Points: Gryphons 22, Dragons 18, Lions 6, Stags 2.

CROSS COUNTRY.

The weather conditions were again favourable for the cross country, the course was a little heavier but the main drawback to the running was the use of rugby boots instead of shoes; this decision was made as the damaged shoes could not be replaced. However shoes were permitted in the final runs.

The usual war-time course was followed which presented the same hazards of barbed wire, ploughland and water jumps.

The results were as follows:

Over 15 years. 1st Woolfson (L), 2nd Mallows (L), 3rd Softley (c).
Time: 22 min. 29 1/5 secs. (Time 1943: 21 min. 18 2/5 secs.)
Points: Dragons 42, Gryphons 91, Lions 102, Stags 65.

13—15 years. 1st Jennings (L), 2nd White (o), 3rd L. R. Bailey (s).
Time: 18 mins. 49 2/5 secs. (Time 1943: 19 mins. 0 secs.)
Points: Dragons 52, Gryphons 71, Lions 109, Stags 68.
Under 13 yrs. 1st Roberts (s), 2nd Knowles (c), 3rd Thompson (s).
Time : 21 mins. 28 secs. (Time 1943 : 19 mins. 50 1/5 secs.)
Points : Dragons 46, Gryphons 105, Lions 69, Stags 80.
The Williams' Cup for the Cross Country is therefore held by the Lions House, the total points being :
Lions 280, Gryphons 267, Stags 213, Dragons 140.
Again it was impossible to arrange the annual run against Daventry Grammar School.

ATHLETIC SPORTS.

The Athletic Sports were held on 11th May in fair weather, though we had nothing like the remarkable sunshine of last year which helped to produce so many records. Competition between the Dragons and Gryphons was very close, and the result was not decided until the last event. Mrs. Woolley very kindly distributed the Cups.

CRICKET, 1944.

Although they have lost their unbeaten record, this has been another successful season for the 1st XI. This performance has been the more noteworthy when one considers the difficulties imposed by the weather and the shortage of equipment due to war restrictions. Much of the credit for this success goes to Munns, our untiring and efficient 1st XI captain, who by his own keenness gets the best out of his team. A sound opening bat, he has provided a good steady influence, and will be even more successful when he overcomes his tendency to hook a good length ball. Munns has been ably supported by Bond, who, on his day is our most stylish batsman. The most successful batsman has been Knight, a fine aggressive player and an excellent wicket-keeper. Sturgess, Pearce and Whitney have batted extremely well on occasions and should do well next season.

Unfortunately, we have only one first-class bowler, Hardwick, but he has bowled magnificently. Minney has
improved steadily and he has proved a useful opening bowler. Stow, Pearce and Sturgess have also bowled well. The fielding has too often been patchy and there can be no excuses for this.

The "Under 15 XI." have played three matches, lost two and won one. The main difficulty here is lack of confidence and of match-experience. Matthews has captained the side well. L. R. Bailey has the makings of a good bat but he is too inconsistent. Fair, Timpson, Tyers and Bull have all batted and bowled well.

With so much promising material this has been a disappointing season for the "Under 14 XI." again due to lack of confidence. When this has been overcome the "Under 14 XI." will be a very strong team. Hyde has made an excellent captain and he has batted extremely well, as have Law (a very promising wicket-keeper), Odell and Chapman. White, Chapman, Leslie and Odell are all useful bowlers.

Once more thanks are due to masters who have umpired games and matches and who do those little, often tiresome jobs so necessary for the success of school cricket.

HOUSE NOTES.

DRAGONS.

House Masters: Mr. C. W. F. Laurie, Mr. I. J. Nicholas.
Head of House: R. H. Bailey.

The past year has been one of varied fortunes. We were unfortunate in the loss of the Rugby Cup to the Gryphons, for the defeat of our senior team in the match with the Gryphons was the only defeat inflicted upon either of our teams.

We were successful in retaining the Ferguson Trophy, but we fared very badly in the Cross-country Competition, ending in fourth place.

We were pleasantly surprised, therefore, by our victories in the Athletic and Relay Competitions. Both competitions were a vigorous struggle with the Gryphons, who were unfortunate in coming off only "second best" in both. R. H. Bailey is to be congratulated on his victories in four out of five of the senior events, also Blackman on his breaking two middle records.

In the Music Competition we were placed only third—which was very disappointing when we consider all the hard work put in by those concerned. Our representatives put up a very creditable performance, however, and our being placed third was probably due more to the excellent performances of our opponents than to our own shortcomings.

The fate of the Cricket Cup is still in the balance, but although we opened well by defeating both of the Stags' teams, our recent defeats by the Lions have crushed the high hopes which many of us had of being successful in this competition. The P.T. and Swimming Cups are, however, as yet undecided, and we hope to put up a creditable performance in our efforts to gain both of them.

We were very sorry to lose Durham at the end of the Easter term, but his place among the school prefects has been filled by D. W. Robinson, whom we heartily congratulate on his appointment. Congratulations are also extended to Stow, Smith, Barber, Richardson, Blackman and Whitney on being awarded House Colours. We are also very proud of the success of R. D. Stuart in the recent scholarship which he took for Cambridge University.

Finally, we wish to take this opportunity of wishing the very best of luck to all Dragons who are taking the H.S.C. and School Certificate Examinations at the end of this term; also, to all "Old Dragons," wherever they may be.
GRYPHONS.

House Masters: MR. J. T. W. FINDLEY, MR. T. G. COOK.

Head of House: K. A. BOND.

House Prefects: F. TAYLOR, D. BRAYBROOK, B. W. GLOVER,
R. E. BRIDGEFORD, H. R. WHITE.

A heavy blow fell on the Gryphons in January when Dr. Adamson left the school to take up an appointment at Cambridge. We should like to wish him every success in his new office. Mr. Cook has been extremely welcome as his successor.

In the concluding round of the Rugger Competition our senior team defeated the Stags and so carried off the Rugger Cup. We produced no spectacular runners in the Cross-country Competition, but the teams as a whole ran well and finished second to the Lions.

Preparations for the Music Competition began earlier this year, and the trials of this extra work were rewarded by being placed first in the rendering of the set piece, and again being runners-up to the Lions in the final position. We should like to congratulate Finding on an excellent violin solo.

In the Athletic Competition we were placed second, due in no small measure to excellent running by R. E. Bridgeford and to excellent jumping by F. Taylor. We were also second in the Relay Cup. We must also congratulate F. Taylor on winning Mrs. Woolley’s prize for the Senior High Jump.

The results of the Cricket Competition have been very disappointing. At present we are at the bottom of the table with only two points, our senior team having lost both of their games and our juniors have one won and lost the other. We are looking forward to beating the Dragons in the next game. We are represented by, K. A. Bond, D. Braybrook in the 1st XI., Tyers, Stevens, Godfrey and Wibberley in the Under 15 XI., and by D. S. Law, Odell, Chapman and P. B. Smith in the Under 14 XI.

We congratulate Braybrook on gaining his School Certificate in December.

Finally, we wish the best of luck to those who are taking the Higher School Certificate and School Certificate Examinations this year, and to all those who are leaving this summer.

LIONS.

House Masters: MR. H. H. WINTERSGILL, MR. R. V. S. WARD.

Head of House: D. G. MUNNS.

House Prefects: D. KNIGHT, J. T. HARDWICK.

The Lions deserve to be congratulated on the splendid way in which they have risen from the rut of failure to the
highway of success. We made our first gain last year by winning the Cricket Cup jointly with the Gryphons, after one of the most disappointing years the Lions have suffered. We did hope to win the Rugger Cup for we had a very strong team including six members of the 1st XV. Absence and illness deprived us of our good chances however and the juniors though the keenest and most promising set we have had since 1938, could not hold their own against boys of one and two years their superior. However we were placed third in the list and hope to have ascended to first place by next year. When the Cross Country Competition arrived we had a good set of juniors as well as some keen members of the middle and senior school. All played their equal part is this, indeed the seniors had two runners in the first three, Woolfson and Mallows—consequently we gained an easy victory. We were not so fortunate in the Athletic Sports or the Rugby in which competitions we were placed fourth and third respectively. However on this year’s form we stand a good chance in the future. We had another addition to our Cups when we won the Music Competition from the Dragons who had won the event for the last two years. The House Choir as a whole deserves congratulations on the way it turned up to practices, put into effect what it had been told and what is most important watched the conductor, a common failing with most choirs. Congratulations also go to P. Wilson, a young second form lad who made an excellent individual effort with his piano solo. He was congratulated by the adjudicator, Mr. Salmons of Rugby School, for his excellent rendering. In the Cricket Competition we have extremely high hopes. Our team contains four members of the 1st XI, including the only three full colours in the 1st XI. In the first match we beat the Gryphons by 8 wickets while the juniors lost by 20 runs. Against the Dragons we had a narrow escape for although they only got 19 we were lucky to get 20. The juniors had an excellent win, after a brilliant piece of bowling by Neville who took three wickets with his first over. We hope to win the last match with the Stags, hence obtain the Cup. We have high hopes of winning the P.T. Cup but we are not so optimistic about the Swimming since a deficiency in swimmers has always been felt in the Lions. We extend our heartiest congratulations to Hewitt on being awarded an Open Scholarship at Cambridge—we are proud that it should be a Lion who has won the first such scholarship in the school’s history. We congratulate D. G. Munns on becoming Senior Prefect also R. A. Hales on becoming a School Prefect—also Hewitt and Woolfson on being awarded House Colours.

Finally we wish all those Lions who are taking Higher School Certificate or School Certificate this July, good luck! To all leavers whether they go into the Services, to Universities or to a job in civil life we wish God Speed and all the best in life.
STAGS.

Housemasters: Dr. A. Jackson, Mr. S. B. Harris.

Head of House: W. G. Ager.

Since the writing of the last notes many House Competitions have been decided; it must be confessed that the Stag’s House is falling from the position it has held for the last few years. We at present hold two Cups, namely the Ford Cup for P.T. and the James Cup for Swimming, but at the time of writing both these Cups have yet to be contested for. We have good hopes of retaining both Cups, especially the James Cup, as we have many good swimmers amongst us.

In the Rugger Competition we were placed fourth; it need not be presumed from this result that our teams lacked spirit—on the contrary, both teams played enthusiastically all through against stronger sides. R. Berry is to be congratulated on being awarded 1st XV. half-colours. Our Cross Country teams, although placed third, ran very well, and all, especially D. Roberts and Thompson, 1st and 3rd in the junior, and L. R. Bailey, 3rd in the middle, are congratulated on their efforts. In the School Sports we were again placed third; talent in the senior and junior sections was not great, but F. B. Fair and L. R. Bailey gained many points in the middle section. We were fourth in the Relay Competition.

The Stags House have unfortunately suffered for the last few years from lack of instrumentalists and good treble voices. This lack was especially felt this year; as a consequence we were placed fourth.

Only two rounds of the Cricket Competition have at the time of writing been played. Both our teams lost to stronger Dragons’ teams in the first round; however, in the second round we played the Gryphons and won both matches. We are at present placed second, equal to the Dragons, with eight points; the third round, against the Lions, has yet to be decided.

W. G. Ager (Capt.) and F. B. Fair, have batted and bowled very well in both the senior matches.

The House has been represented in the School Cricket XI’s. by:—1st XI., P. Redley; Under 15 XI., Hodgkins, L. R. Bailey, F. B. Fair, Timpson; Under 14 XI., Surridge, Hill, Harris.

Congratulations go to B. Elmore on being appointed Acting Prefect, and on being awarded his House Colours. P. Ward, R. Berry, P. Redley and F. B. Fair have also been awarded their House Colours.
We congratulate P. Ward, Hill and Keller on gaining the School Certificate in December, and wish all the best of luck to all those Stags who are taking the Higher and School Certificate Examinations this July. Finally, we send hearty greetings to all former members of the Stags’ House who may be reading this.

AIR TRAINING CORPS.

NO. 980 (WELLINGBOROUGH GRAMMAR SCHOOL) FLIGHT.

The Flight suffered a severe loss on the departure of Dr. Adamson for Cambridge. He had been the Commanding Officer of the School Flight from its beginning and his enthusiastic work brought it to a high level of efficiency, which it must be the aim of all to maintain and if possible to raise.

The last six months we have varied our usual training programme with a number of interesting visits to local airfields of the R.A.F. and U.S.A.A.F., which have given an insight into operational workings and have proved very helpful and instructive. The weekly visits to Sywell for flights in training aircraft have been resumed during the summer, and every member of the unit has had at least one of these flights. In addition some cadets have been fortunate enough to enjoy flights in a heavy bomber. The enthusiasm of cadets is as high as ever and there will be a record number attending the Annual Training Camp in August at an R.A.F. bomber station in Lincolnshire. This should be a valuable experience, to which all are eagerly looking forward.

The Flight entered a team for the Northants. Inter-Squadron Athletic Sports, and being the only Flight, competing against seven Squadrons did well to finish fourth. The following gained points:—F/Sgt. D. F. White, 1st in High Jump and 2nd in Hurdles; Sgt. R. H. Bailey 2nd in Mile; R. E. Bridgeford 3rd in 220 Yards; Cpl. F. Taylor 3rd equal in Long Jump; and Relay team (F/Sgt. D. F. White, Sgt. D. G. Munns, Cpl. F. Taylor, R. E. Bridgeford) 3rd in Relay.

The Flight has accepted an invitation to enter a swimming team for an A.T.C. Relay race at Rushden.

In addition to these outside activities, the Flight has made good progress with its training. Two cadets passed in a number of the subjects of the Air Ministry Advanced Training Examination, eleven passed the Proficiency Examination (and we hope to add to that number by the end of term) whilst ten others have passed phase A. No cadet however should be satisfied with anything less than full Proficiency, and it should be our aim to have 100% Proficient Cadets at the
end of a year. Three cadets have been accepted by the R.A.F. for Aircrew duties and three have been accepted by the R.N. under the Y. scheme.

Awards:

Promotions: Cpl. D. G. Munns to be Sergeant, Cpl. R. H. Bailey to be Sergeant, L/Cdt. W. J. Cooke to be Corporal, Cdt. F. Taylor to be Corporal with effect from 22-5-44.

LITERARY, SCIENTIFIC AND DEBATING SOCIETY.

Several meetings were held in the Lent term, with D. W. Robinson as chairman, and D. Pearce as secretary. The meetings were well attended, and the chief subjects discussed were Post-war Housing, the Jewish Question, and the desirability of Communism. An interesting Brains Trust was also held; this included two members of the staff as guests.

For the Summer term, D. Pearce was chosen to be chairman, and V. M. Bayliss to be secretary. A meeting was held in which Educational Reform was discussed; it was found impracticable to hold further meetings owing to other school activities.

V. M. BAYLISS, Secretary.

SCOUT NOTES.

The troop is at present continuing its activities under the supervision of Mr. Cook and meetings are being held weekly. Two camps have been held, the first in the Easter holidays at Castle Ashby and the second at Whitsun at Overstone. In both cases the weather favoured us and at the latter we enjoyed some swimming. All scouts who attended benefited considerably in experience from these camps. Credit is due to D. Pearce and D. W. Robinson for their activities in organising these camps and in training the younger members of the troop.

SCHOOL PICTURES.

The title of the set of pictures on view in the top corridor is “Colour,” and comprise the following:

1. Landscape in Provence, by Vincent Van Gogh, Dutch School 1853-1890.
2. Lady Wearing Mantilla, by Goya, Spanish School 1746-1828.
3. Landscape at Iden, by Paul Nash, English School, 1889-1944.
5. Spring, by Claude Monet, French School, 1840-1926.
7. Man with the Gold Helmet, by Rembrandt, Dutch School, 1607-1669.
8. Mary with the Sleeping Child, by Andrea Mantegna, Paduan School, 1431-1506.
Presented by Wellingborough Grammar School Boys.

A series of four plays, produced by Wellingborough Grammar School, were presented to large audiences on Tuesday and Wednesday last week.

Forms 2a1 and 2a2 acted Louis Parker's "On Board the Golden Hind," a rather difficult play for young actors. The performance, however, was very well done, and much promise was shown, especially by Newnham, whose rendering of the part of Sir Francis Drake was particularly praiseworthy. He was ably assisted by F. Martin, Jefferies, Collins and Mitchell.

Form 3a1 performed "Wireless—And Sich-Like," by F. Austin Hyde and W. G. Firth. This delightful comedy gave the actors considerable scope to show their ability, and there was some excellent acting. Leslie as the grandfather, Faulkner as the broadcast improviser, and Price as the announcer were particularly good.

This play was followed by another comedy, the police court scene from "1066—And All That." It was acted by the 5th form, who gave a most convincing display. Outstanding was the part of the Judge by E. Cross, whose variety of facial expressions was a continual source of laughter. He was well supported by K. G. Tompkins as Columbus, Desborough as Guy Fawkes, and Wallis and Turner as the comic policemen.

The 6th form presented "The Thread o' Scarlet," the celebrated thriller by J. J. Bell. The tenseness, horror and mystery were admirably conveyed by a talented cast. M. H. Martin and V. M. Bayliss as the two inhabitants of the inn. Segall as the traveller, Layfield as Breen, Robinson as the landlord, and Patenall as Butters were splendid in their respective parts.
